About Sanskritech Smart Solutions Pvt Ltd

Sanskritech

Sanskritech Smart Solutions Pvt Ltd is a subsidiary company of Serum Institute of India's CEO Adar Poonwalla-backed Mylab Discovery Solutions Pvt Ltd. Sanskritech is a new age innovation enterprise committed to deliver path breaking technology to enrich human lives in more ways than one. Combining various disciplines of engineering with ethos of human values, traditions and principles, Sanskritech weaves technology into culture and lifestyle to redefine standards of living. In a world where technology finds itself gaining prominence as an integral part of human ecosystem, Sanskritech has taken the lead to pioneer 3rd millennium technology solutions that ushers an era of renaissance for a more progressively human society.

Vision

To create breakthrough technology that adds value to human life.

Mission

To go beyond barriers and provide better standard of life to everyone and everywhere with the help of technology.

About Mylab Discovery Solutions Pvt Ltd

Mylab is an Indian biotech firm focused on developing & commercializing Molecular, Serological, Immunology testing solutions and Automations for applications in clinical diagnostics, drug discovery, biomedical research, agrigenomics, animal and food safety.

#Swayamhealth #SwayamAHM

Swayam, an indigenously designed portable diagnostic and tele-medicine point-of-care system. It is world's first most advanced Anytime Health Monitoring (AHM) kiosk that helps people to walk in and test for a wide range of medical parameters, consult enlisted doctors with their test reports that are made available instantly.

Swayam is not just about technology and innovation, but about how Swayam reaches out to create a new healthcare culture in the society that inspires people in every walk of life to be more responsible, more proactive, more assured, more positive in taking care of their health and build a healthy society.

It is all about...

- Making people believe that they can now take control over their state of health for better, with certainty.
- Making people realize that they are not just individuals, but a part of society that helps to build a healthy nation.
- Telling people and proving to them and they are not alone in this mission.
- Welcoming people to take a definite step and begin a part of a revolutionary change in health culture in India.
- Showing people that they have the strength and capability to overcome and manage health adversities effectively.
- Leading the way for people to follow a better health culture in their life, and be a part of a healthcare revolution in India.

Access reports through
web & android app

Creating an easy access for basic healthcare at affordable cost

Parameters available

NON INVASIVE Basic Tests

- Height
- Weight
- BMI
- Blood Pressure
- SpO2
- Temperature
- Peak Flow (Spiro)

URINE

- Legionella Ag
- S. Pneumoniae Ag
- U-Albumin
- Urobilinogen
- Bilirubin
- Ketone
- Creatinine
- Blood
- Protein
- Micro Albumin
- Nitrite
- Leukocytes
- Glucose
- Specific Gravity
- pH
- Ascorbate
- Calcium

INVASIVE Blood Test

Device Based

- Blood Glucose
- HbA1c
- Hemoglobin
- CRP
- PCT
- Strep A Ag
- RSV
- hs-CRP
- CK-MB
- Troponin-1
- Beta-hCG (hormone-Urine)
- Lipid Profile T Cholesterol
- Lipid Profile Triglyceride
- Lipid Profile HDL C
- Lipid Profile LDL C
- Lipid Profile HLD / LDL
- Lipid Profile Non HDL
- HIV 1&2
- D-Dimer
- NT- ProBNP
- TSH
- Tuberculosis (TB)
- LH - Luteinizing Hormone
- FOB - Fecal Occult Blood
- T4
- Vitamin D

Invasive - Blood Rapid Tests

- Typhoid
- HBsAG
- HCV Ab
- Malaria pan AG
- Dengue NS1 Ag
- Dengue IgM/IgG
- Nicotine
- Chikungunya
- Leptospira
- Nicotine
- H.Pylori
- Scrub Typhus
- Elephantiasis
- Syphilis

OTHER Tests

- ENT Test (Otoscope camera)
- Skin Test (Dermascope Camera)
- Vision Test
(Far and near distance software based)
- ECG 12 Lead
- Stethoscope

COMING SOON Tests

- FSG • PRL • T3 • PSA
- Cystatin C • Influenza A/B
- Zika IgM/IgG
- Creatinine (Blood)

Note - All models are available with different parameters
